REMOVAL!

STRICKLAND & CO.

HAVE removed their stock of Books and Stationery from No. 200 to

134 East Water Street.

IN Mayor CROSS' BUILDING one door north of Huron street.

They would respectfully invite attention to their new goods just opened, which, with their previous stock, embraces everything of importance, in every department of human knowledge, and which for attractiveness and sterling value has never been equalled in the West.

Their price for every book published, is the same as that paid to the Publisher for a single copy. They charge no advance on eastern prices.

Stationery, paper of every kind, &c., &c., in fact every article generally kept in a first class store, can be found in their stock at prices much lower than heretofore obtained in Milwaukee.

Blank Books—a very large stock on hand of every kind in general use, or made to order, ruled to any requisite pattern.

In Fancy Goods, Fancy Stationery, and articles for presents, their stock is unequalled. Call and see them.

ANNOUNCEMENT.

IN consequence of ill-health, I have felt it my duty under the advice of my physician, to give up business entirely. I have sold out my stock of Books, Stationery, &c., to Henry Kempshall, who has been with me during the past year, and for the four previous years with Messrs. D. Appleton & Co., of New York.

It is with no ordinary regret that I relinquish a pleasant and successful business, and close the connections which have existed between myself and my customers.

In Mr. Kempshall, I am assured that my old friends and patrons will find a thorough business man, who will treat them courteously, deal honorably, keep a good stock, and sell at reasonable prices.

N. B. All accounts for or against me will be settled by him. ARCHIBALD WILSON.

Milwaukee, March 30, 1857.

Having purchased the stock of Mr. Archibald Wilson, and his interest in the bookselling business in this city, I propose to continue the same at the old stand, and shall endeavor, by keeping at all times a full and desirable assortment, and by careful attention to business, to merit patronage from both old and new customers.

MILWAUKEE:

Foreign News—The Isthmus.

Details of the *Arabia's* news will be found under the telegraph head. Breadstuffs have slightly advanced. The news is not specially important.

From Nicaragua we have further particulars of Walker's late reverses.

Government is about to send a strong fleet to Panama and Aspinwall, to coerce New Granada into giving satisfaction for the loss of life and property by the Panama riot.

Northern Pacific Railroad.—Gov. Stevens, of Washington Territory, is not unmindful of the railroad route which he surveyed in his way out to assume the duties of his appointment. We notice that the Territorial Legislature has passed a reasonably extensive charter, authorising a Company to construct and operate a railroad commencing at one of the passes in the Rocky Mountains between the Territories of Washington and Nebraska; and connecting with such road passing through the Territories of Minnesota and Nebraska as the Company may elect; thence extending westwardly through the Territory of Washington by the Bitter Root Valley crossing the Cœur d'Alene Mountains by the most practicable route; thence across the great plain of the Columbia, with two branches, one down the Columbia to Vancouver, the other over the Cascade mountains to the Sound, with a connection from the river to the Sound.

The capital stock of the Company is fixed at fifteen millions of dollars, and may be increased to thirty millions. The organization of the Company to take place when $150,000 of the capital stock shall have been subscribed and five per cent. paid in. The road to be commenced within three years and completed within ten years from the passage of the act.

Besides a large number of residents of Washington Territory, headed by Gov. Stevens, named as corporators, we notice the following:

Alexander Ramsey, H. M. Rice and James Shields, of Minnesota; John Fitzgerald, Julius White and James Duane Doty of Wisconsin; H. H. Gear, John B. Turner and Ira Minard, of Illinois.

La Crosse Railroad—Election of Directors.

The Annual election of Directors of the La Crosse & Milwaukee R. R. took place yesterday, resulting in the choice of the following persons:

Byron Kilbourn,	Samuel Brown,
Stephen H. Allen,	Charles E. Jenkins,
Edwin H. Goodrich,	Moses M. Strong,
Garrett Vliet,	Benj. F. Hopkins,
Moses Kneeland,	Hugh McFarlane,
Jackson Hadley,	D. D. Cameron.

Gathering State Statistics.—The Assistant Secretary of State has sent out the following circulation to Assessors throughout the State, in reference to the law which we publish to-day:

Secretary's Office, Wis., }
Madison, April 4th, 1857. }

To Assessors:—The attention of the several assessors of the State of Wisconsin is called to the requirements and provisions of "An act to ascertain the number and other facts, respecting deaf and dumb, blind, insane, and idiotic persons in the State of Wisconsin," approved March 2d, 1857, and "An act to authorize the collection of agricultural, mineral and manufacturing statistics," approved March 5th, 1857, copies of both of which acts are hereto appended. Blanks for the use of assessors, prepared in such a manner as to enable them to perform their duties with as little inconvenience and with as much correctness as possible, are distributed by the Secretary of State through the several Clerks of the county board of supervisors, from whom on application, an additional supply can be obtained, should such be required. If more convenient, assessors can apply directly to this office, by mail or otherwise, for additional blanks, should they find that the quantity furnished, are insufficient for their use.

The Secretary of State trusts that the importance of the subject intrusted by these laws to assessors, and the great advantage and benefit to be derived by them to the State and the people, in addition to the desire that should ever actuate public officers to discharge their duties, will induce them to fully comply with these laws and carry out their provisions in as full, correct and complete a manner as possible.

JOHN W. HUNT,
Assistant Secretary.

Wrong Credit.—Some days since, in copying an article concerning early times at Ripon, we credited it to the *Spur*, whereas it should have been credited to the *Star*, a new and good-looking paper recently started at that place by Mr. Mayes.

Dismissed.—The case of Rev. W. C. Van Meter on an appeal from the decision of Justice Wanger, of Washington, Tazewell co., (Ill.,) fining him $100 and costs—on a charge of bringing paupers into the State, was dismissed at Pekin on the 10th, at the instance of the Prosecuting Attorney.

☞ Private letters from Herman Melville, who has been traveling in Egypt for some time past for his health, state that he is about to return to his home in Pittsfield, with renewed health.

Mississippi River News.—At the last advices, the ice had not yet yielded in Lake Pepin, but a large number of steamers were on their way up, ready to push through at the first day possible. The Galena *Advertiser* gives the following memoranda of the trip of the *Alhambra* down from Reed's Landing:

On the 10th left Reed's at 8 o'clock, A. M.; snow 6 inches deep on our hurricane deck; wind blowing from the north pretty freely; met the *Excelsior* at Wabashaw, the *Golden State* below Alma, the *Medora* at West Newton, the *Key City* above Fountain City, the *Red Wing* at Winona; *Courier*, with two barges, aground above Warner's; the *City Belle* at Lansing, the *Hamburg* at Lafayette, the *War Eagle* at Wyalusing, and the *Golden Era* below Clayton City. Arrived at Dunleith at 11 o'clock A. M.

Fond du Lac R. R. Vote.—The Fond du Lac *Commonwealth* says;

The Milwaukee papers, in noticing the late vote of this city, on the question of loaning the credit of the city to Railroads, say that the loan to the Air Line was voted nearly unanimous, while a similar proposition to aid the Sheboygan Road was voted down. Gentlemen, your are mistaken; it was not a similar proposition. The law was framed in such a manner as to be obnoxious to those who really desire the road, and it is not fair to infer that our citizens favor our project, and reject the other, on account of the inherent merits of one over the other. Give us the same kind of a proposition for loaning credit to the Sheboygan Road, and it will pass without difficulty.

From Kansas—Trial of Gov. Robinson—The Bogus Census.—A dispatch from our correspondent at Lecompton gives some further insight into the means whereby the enslavement of Kansas is to be consummated. Charles Robinson and George W. Deitzler, Governor and Secretary of State of Kansas under the Free State Constitution, appeared at Lecompton on the 6th inst. as their bail-bonds required, to stand trial on the charge of High Treason involved in accepting those offices, but were put off till next month, on account of certain changes in the laws effected by the bogus Legislature at its late session. As they are to be tried by Lecompte, before a Jury of his choice, they may possibly be convicted.

The Census list were by bogus law to be posted by this time, but have not been. No poll is to be held in Lawrence, containing nearly half the population in Douglas County; but four polls are to be held in so many obscure hamlets. A Pro Slavery Postmaster has just been appointed for Lawrence, where the people are at least fifty Free State to one Pro-Slavery.—*N. Y. Tribune, 14th.*

An Improvement.—When the last Governor of Missouri was sworn, they were obliged to borrow a Bible from the Penitentiary. The Legislature has since been presented with a copy of the Scriptures, which is an evidence of increasing civilization. Indeed, the Bible and many other anti-savery works can now be purchased in St. Louis.—*Cincinnati Gazette.*

Dr. Baird's Lectures.

Rev. Dr. Baird commences his lectures in our city, at Young's Hall, on Monday evening next. From the well established reputation of the lecturer, we do not doubt that the course, the programme of which is given elsewhere, will prove a very interesting and instructive one. The following extract from a letter to a gentleman of this city, will serve to prepare our readers for what they are to expect:

"If you expect to hear a 'brilliant lecturer,' you will be mistaken. Dr. Baird is neither an orator or an elocutionist; he makes no splendid display. But before he has spoken fifteen minutes, you feel that you can place implicit reliance upon what he says. You see, also that he is a man of great general information, and a keen observer of men and things—that his memory is so stored with facts of the most interesting character, and he talks them too (speaking without notes) in such a familiar, plain way, that you become intensely absorbed in his subject, and the hour and a half seems not more than thirty minutes. He gives you the cream of history—a synopsis of the most important events relating to every country in Europe. His descriptions of these countries, embracing the productions, agricultural and mechanical,—the government, laws, religions, customs, peculiarity of costumes, (all of which are illustrated by paintings) the state of education, &c., &c., make you feel that you know but very little about the 'inner life' of the people of Europe.

"I take it that a popular audience, in listening to a course of lectures, desires to be *entertained* as well as instructed. Although Dr. Baird does not attempt to excite laughter, yet the anecdotes and incidents he relates in illustration of the manners and customs of the people, are often exceedingly amusing. But the great merit of his lectures, consists in the *substantial information* he conveys—the information which cannot be gathered from books. While he commands and interests those of the highest order of intellect, there is nothing which he says that a child cannot understand. I have often heard the remark that scholars who are studying Geography and History gain more information from these lectures, than from years of study from books.

"I hope you will interest your friends to go and hear him *once*. I will risk but they will follow up the course."

St. Louis German University.

Messrs. Editors:—In my communication in relation to the victory in St. Louis, printed in your Daily of the 15th inst., you did not include the last sentence within the marks of quotation. But it must have a greater effect upon your readers, when they know that Mr. Muench, a Missouri citizen, regards the foundation of a German University in the center of Border Ruffianism as equivalent to the death of Slavery in Missouri and its abortus in Kansas.—The beginning of the institution is already made. Mr. Muench, when he located in St. Louis last winter, found the following already secured:

1. A Library of old and new Literature, under the auspicies of a Librarian.

2. A reading-room providing a great number of the best journals and newspapers, American and European, in three languages.

3. Regular lectures and discussions about Natural History, Technology, Polytechnical Science and Literature.

4. An apparatus for physical and chemical demonstrations, used by the Lecturers.

5. Instructions in different branches of Mathematics, in drawing, painting and sculpture, free of cost.

But this is only the commencement of the undertaking. The plan is, to have a German University in St. Louis as they exist in Germany, of the highest rank.

Lovers of Liberty! Will you lay the axe at the root of Slavery, spread the knowledge of arts and sciences, and industry—give the many highly educated Germans here, in America, nearly all standing on the side of Freedom, an opportunity to shed light on the darkness of Slavery. Let the German University, in a Slave State, roll out the intelligence of German Youth in Germany, together on the battle-field of Missouri and Kansas—awaken the spirit of Liberty in the breast of our American citizens of German birth, to lay down the aggressions of Slavery, daily increasing to an intolerable extent. The Students of Germany, at the head of the people, annihilated the Tyranny of Napoleon; so will only the intelligence of our youth of all the different nationalities bring Slavery, the creature of the darkness of ignorance, to sure destruction.

A GERMAN REPUBLICAN.

Whiton maj 577.

Flint, Rep., for county Judge, has 801 maj.

Waupacca Co.—The town of Weyauwega gives Judge Whiton 230 majority.

In Royalton, Whiton has 78 majority.

Sugar Making.—Rather more than the usual amount of maple sugar will be made in this section than in previous years. The weather gives promise of a favorable season for the work.

We were out, last week, to a camp occupied by some Indians west of Duck Creek. They have tapped about a thousand trees, and though not doing their work as systematically as Yankees would do it, are having very good success. For sap troughs, they use birch bark formed into vessels which contain about six quarts. Their reservoir is a large tree hollowed out so as to contain some six or eight barrels, and they have a very comfortable shanty, contructed of poles and bark. Here they had brought their babies and household goods, prepared to stay the season.—*Green Bay Adv.*

Resolved, That the Secretary of this Board be directed to publish the above report, and that the public schools will commence on the 20th day of April, excepting the Fourth Ward School; and that the Fourth Ward School will commence the 11th day of May next.

A Boston Negro Tortured to Death on Board a Boston Vessel.—A sea captain named Hugh Orr, has lately been on trial at Exeter, England for the murder of Edward Devoe. An English paper says:

A case of such fearful cruelty and atrocity as detailed in the opening of this case, was, perhaps, never heard. The prisoner, a fine looking man, was the captain of a vessel called the Hannah Jane, of about 120 tons burden. The deceased was a black man, a native of Boston, about 32 years of age, and was engaged as cook in the ship. The crew of the ship consisted of the captain, six men and a boy. In February, 1856, the vessel sailed from London to Newcastle for a cargo of coals, and then proceded to Senegal, then to Cape Verde Islands, to Rio Grande, and then back to England. While they were in Senegal River the Captain commenced a series of cruelties—beating and flogging the cook day by day for four weeks until, becoming weaker and weaker from these cruelties, death, more merciful than his persecutor, relieved him from his sufferings on the 3d of July. He was beaten by the Captain and the mate with ropes, with broom handles, and with a "cat," and when his back was raw he was scrubbed with a brush. The poor fellow used to cry for mercy, and called upon the crew to come and help him, but the crew dared not interfere. When the vessel reached Rio Grande the crew informed the Consul there of the treatment the cook had received, and of his death, but he said he could not do any thing in the matter. The ship arrived at Plymouth in December, and an inquiry was instituted, which ended in the Captain being sent to prison for trial.

One seamen testified—

I scrubbed the cook's back with sea water and a brush by order of the captain. Once I saw the captain and mate flog him, and I counted the lashes. The captain gave him 48 and the mate 365. The captain beat him with the cat and the mate with a plaited rope with knots in it.—When he was dead, the body was cut everywhere. The mate saw him lying on the deck the night before he died, and kicked him on the breast with his sea boots, and he struck him with a large heavy block. I heard him moaning after this, but I never heard him speak after that.

The jury returned a verdict of guilty of manslaughter, and the prisoner was sentenced to be transported for life.

Wabashaw Co.—The Scrip Distribution.—The past week has been a busy one in Wabashaw. Such a motley gathering as was there congregated can only be seen "out West." On Monday, the day appointed for the delivery of the scrip to the Half-Breeds, load after load of anxious settlers on the Reserve came pouring in to watch Uncle Sam's agent, and see to it that there was "fair play and no gouging." Half-Breeds and Mixed Bloods of the tribe of the Dacotahs—the "nobility," as they are styled—paraded themselves in their best 'bib and tucker,' to receive at the hands of the Commissioner the prodigal bounty of their great and generous Father. French trappers and traders, active, hardy looking men, long domiciled among the Indians, and partaking equally of the characteristics of both races, were there to look after the interests of their numerous dusky progeny at home. Indians real aborigines—not of the kind personated by Mr. Muggins, at the Bunkum Museum—but tall and stalwarth Sioux, arrayed in all the gorgeousness of blanket and many colored paints, the heads of the braves ornamented with the quills of the bald eagle, emblematic of their success on the war path against their hereditary foes, the Chippewas, and having the carved stems of their red clay pipes decorated with the stained scalp-locks taken in battle — strode through the streets in stately dignity. Greedy speculators and cormorant attorneys—lean, hungry looking fellows—flocked thither; for "where the carcass is, there will the vultures be gathered together." In truth, it was a gala day for all classes.

Commissioner Shields commenced the delivery of scrip on Tuesday morning. The office was thronged all day. It was a great time for the "nobility." They pocketed their scrip with an air of intense satisfaction, and many of the younger ones, "fast" young men, soon rivalled their white prototypes in drunken debauch. Half-Breeds and whites, with glasses poised, hobnobbed lovingly together, until they became gloriously "squiby," and the floor embraced them in amalgamation complete. Whisky is a wonderful leveller, in more senses than the lexicographers define.

Most of the claimants have received their scrip and gone home. The Commissioner will remain in Wabashaw a few days longer, to close up the business connected with his mission. "Peace reigns in Wabashaw."—*Lake City Tribune.*

For Green Bay.—The steamer Michigan, Captain Stewart, sailed for Mackinaw and Green Bay yesterday afternoon. She will undoubtedly be detained some time before getting through, as we hear that there is considerable thick ice in Lake Huron, which will retard her progress, if it does not stop her altogether.—*Detroit Advertiser, 14th.*

For Chicago.—The propeller Montgomery was taking on freight yesterday, and was to sail for Chicago last night. She takes a quantity of railroad iron from Wyandotte, for the Chicago and Galena road, a quantity of salt for Mackinaw, and will complete her load in St. Clair River, with either lumber or wood for Chicago. The Montgomery is to run this season in the North Western Transportation Line, between Chicago and Buffalo. She is commanded by Capt. Nicholson.—*Ib.*

Serious Illness of Mrs. A. C. Barry.—We regret to learn that Mrs. A. C. Berry, wife of the accomplished Superintendent of Public Instruction, is still seriously ill at Fort Plain, New York.

It will be remembered that she was a sufferer from the National Hotel, (Washington) epidemic. Her illness still keeps Prof. Barry from his public duties, which need his attention.—*Madison Argus.*

Kenosha Public Schools—Teachers—Public Schools Generally.

Kenosha, April 15, 1857.

Eds. Sentinel:—Being aware that the *Sentinel* is a *State* paper in its character, I have taken the liberty of sending you a word with reference to the Public Schools of Kenosha.—This city, as those who have interested themselves in education are aware, was the pioneer in starting, liberalizing, and elevating the character of the Free Schools of the State, and for a time was pre-eminently first in that most important department of social economy. Other places, however, profiting by her example, may now perhaps claim to equal her in this respect, tho' none to excel.

John G. McMynn, as Principal of her School, gave it an elevated character, and opened the public mind to an idea of what the Free School might be under proper management. The prejudice against such schools on the part of those who could afford what they conceived was better, and the indisposition to pay taxes for Schools for other people's children, very rapidly passed away. And if there was anything left of that feeling, the present principal, J. G. McKindley, has thoroughly and effectually dissipated it, and put it, I think, forever to rest. He has demonstrated that the Free School may supply every want from the opening A of the alphabet to the *Alpha* of the College, and that every person's children may have the benefit of it, more cheaply than it had before cost to educate the few.—All complaint of taxation for school purposes has ceased in this latitude; and all attempts to establish select schools have failed.

Kenosha City comprises one School District, under charge of one Principal. The anniversary term has just closed, with an examination and a public exhibition. The *examination* was thorough and complete, and but one feeling is expressed with reference to it, and that of complete satisfaction. The kind of examination which was once popular, showing the proficiency of the pupils only in what they were examined in and about, has been discarded here; and the examination under the popular demand, is so conducted as to exhibit the actual progress of pupils and their real *status* in education at the time of examination. Although with such purpose, the examination might lack startling effect and brilliancy, as I remarked, it was in all respects in the highest degree satisfactory, and in the minds of the crowd of interested spectators, and through them to the citizens generally, our School gave a new promise of permanent and increasing usefulness, and took a new hold upon the popular affection.

The *exhibition* consisted of recitations and declamations of original dialogues, compositions, &c., and music. The plan of selections from old books and old masters, for recitation and declamation, has been abandoned here, and the scholars are drawn upon to furnish their own material for such occasions. The advantages of this plan are too obvious to need allusion to. One is that local subjects, and objects are very apt to furnish the *material*. On this occasion, the whole range of our local public interest was drawn upon, and the interest of the spectators held for hours without flagging, in listening to the pupils as from "grave to gay, from lively to severe," in dialogue and speech, they held the mirror up to nature, and enabled us to see ourselves as others see us. The Odd Fellows Hall, in which the exhibition was given, is the largest in the city, but notwithstanding the evening (Friday last) was the most stormy one of this most stormy season, it was filled. Last night it was repeated to meet the popular demand, and although the improvement in the weather was very slight, the hall was again filled, and the interest seemed to be unflagging.

Of course, I do not write thus to furnish details or point out individual cases of merit, nor to give you a local item, so much as to call attention, in virtue of such examples, as to what, by proper management, the Free Schools of the State may be made. There are at least two kinds of teachers; one who go into it with the purpose of earning their wages as in other business, with no more labor on their part than is "nominated in the bond;" another, who take hold of it with an appreciation of the important interests committed to them, and a conscientious determination, wages or no wages, to neglect nothing to develop those interests. With T. G. McKindley, our School is pre-eminently under the latter influence. A most excellent disciplinarian, at the same time securing the regard and affection of his pupils (a rare merit), he devotes himself untiringly to his labors, and in school and out of school, before hours and after hours, day and night, the personal interests of his pupils and the purposes of the school occupy his attention. Under his management we get new ideas of the capacity of the school, the public taste and public standard is elevated, and we appreciate what may be accomplished through this instrumentality for our enduring interests. No school district in the State should be satisfied with less than this; which if made universal would in another generation give Wisconsin a position among States, that no mere material advantages on the part of any other, could hope to rival. I ought not, too, on this occasion, to fail to make mention of his Assistant, Leander Stone, who aids so ably in the work mentioned, and adds to his other qualifications, that of instructing the pupils in music, a most agreeable and therefore essential study. The services of such men are not requited by their salaries. The public owe them besides a debt of gratitude, which I believe it will not be slow to pay; but whether paid or not, they will have the more valuable and enduring reward of a consciousness of duty performed in connection with the highest interests which can be entrusted to human hands.

Another Official Outrage.—A most fiendish outrage was perpetrated near Easton, on Sunday, 29th ult. It appears that a warrant had been placed in the hands of the Deputy Sheriff of Leavenworth County. Mr. Merrill Smith, for the arrest of Mr. Martin Kline, on the charge of horse stealing, last summer, about the time of Hickory Point fight. The arrest was attempted at the house of a Pro-Slavery man, where church services were being held. The Sheriff attempted to entice Mr. Kline away from the meeting, but being unsuccessful, produced his warrant and read it. Mr. Kline declined going with him then, but agreed to go the next day, (Monday,) whereupon the miscreant Sheriff drew his revolver and shot five times at Kline, three balls taking effect. One of the Sheriff's posse also fired.—The shooting occurred during the services, and in the house, which was at the time filled with people, and it is astonishing that no more were injured.

These particulars were furnished us by Mr. Simeon Hull, who them from the lips of Mr. Kline, who is mortally wounded. To make the matter still more outrageous, Mr. Kline it known by the neighbors, to be innocent of the charge against him.—*Topeka (Kansas) Tribune.*

An Interpolation of St. Paul's Epistle to the Corinthians.—Rev. Henry Ward Beecher last Sunday morning prefaced his sermon by reading the 12th chapter of First Corinthians, the 13th verse of which is as follows: 'For by one spirit are we all baptized into one body, whether we be Jews or Gentiles, bond or free; and have been all made to drink into one spirit.' Pausing at the words "bond or free," the Rev. gentleman said, "How is this? Paul surely could not have said that; it must be an interpolation. It certainly cannot mean that a man with African blood in his veins, and held as an American slave, oppressed by his master, despoiled of his rights, and outlawed by our courts, is baptized into the same spirit with the white man. It cannot mean that a slave is equal to a freeman in the sight of God—a black man to a white one. Yet it certainly seems so; it certainly reads so; and it appears from this, unless we call it an interpolation, that we are all the children of one common Father, entitled to the same rights, governed by the same principles, alike immortal and precious in His sight. It must be an interpolation."

Terrible Accident.—We regret to learn that Mrs. Van Bergen, (wife of M. G. Van Berger, and mother of S. M. Van B.) was terribly burned this morning, her clothes taking fire as she sat near the stove.

The wounds are very severe, and are pronounced by the physician fatal.—*Madison Argus.*

COLES BASHFORD.

An Unexpected Compliment.—The Rev. Henry Ward Beecher of Plymouth Church, Brooklyn, received yesterday in his own church, a public compliment as novel as it was unlooked-for.

At the termination of the morning service, Mr. Beecher, having concluded the reading of the closing hymn, was about resuming his seat, when a well dressed man about fifty years of age and of very respectable appearance, arose from his seat in the far corner of the gallery, and standing erect with his arms folded, addressed the reverend gentleman in a loud voice. All eyes were instantly turned upon the speaker, the house was perfectly silent, while the minister and congregation waited anxiously to hear what the interrupter of the ceremonies had to say. Having secured the undivided attention of the audience, this latter individual, again addressing the pulpit, made the following remark:

"I only wished to say, sir, that if your dinners "are as good as your sermons, I should not ob- "ject to dining with you some day."

As Mr. Beecher did not extend the expected invitation or vouchsafe to recite to the stranger his bill of fare for the day, there was nothing more to be said on that head, and at the conclusion of the services the unknown epicure departed, evidently in a state of great disgust.—*New York Tribune, 12th.*

Sound Dues.—Country editors rejoice—city readers, rejoice—everybody, rejoice. There will be no more talk about "Sound Dues"—when a country editor picks up a daily newspaper in hopes of news, he will not be met with—a leader on Sound Dues. When a regular taker sits down to his breakfast-table in the morning, he will no more be compelled to associate "Sound Dues" with the fragrance of his coffee.

There has been something rotten in Denmark, but it is cut out. The Washington correspondent of the Baltimore Sun writes: "The Secretary of State has completed the arrangements with Denmark, through the Danish Minister, for the abolition of the Sound Dues. The amount we have to pay is $380,000, while that of England is near $5,000,000. The whole amount payable by all nations, including England and the United States, is about $15,000,000. Denmark is forever to keep up the necessary light-houses."—*Det. Adv.*

Schooner Lost and All on Board.—On Monday, March 30th, the schooner George Hansen left this port for a run down to Dutchman's Point for a cargo of wood. She was a little craft of less than thirty tons burden, owned and manned by Frederick Nichols, her commander, Thomas Nichols, his brother, and Samuel Jasper, their brother-in-law. They were all sailors, though the latter had been for some time past a teamster. With their joint means they had bought this little craft, Jasper selling his team to meet his share of the purchase money. They were accompanied on the voyage by Edwin Nichols. There is now no doubt that the schooner has been lost with all on board. The steam tug McQueen, on Friday last, on her trip up the lake, found the mast of a sunken vessel standing out of the water, off the shore, about one mile north of Kenosha. One of the masts was a new one, and they were able to secure and bring to this port part of the sails. It has been identified beyond all mistake, by Captain William Wight, of the schooner Holmes, a son-in-law of the elder Mrs. Nichols, as belonging to the ill-fated Hansen, and there is now no doubt that all the brothers have met a watery grave. It is conjectured that the vessel must have suddenly capsized, and being ballasted with stone, immediately sunk in the fearful tempest of the 1st. The Nichols family came from Cambridgeshire, England, in 1847. For about five years past they have resided in this city, where the father, deceased many months since, was in the employ of Doolittle & Miller as a ship carpenter. The widow was left in possession of her house and lot on Owen near Curtis Street, above want, through the thrift of her husband, and rich in the affection and dutiful services of her sons, who have resided with her. Frederick Nichols was 22 years of age, and leaves a widow with one child. Samuel Jasper, aged 27, leaves a widow with one child and is now near her confinement. Thomas Nichols and Edwin were respectively 20 and 15 years of age. The vessel was not insured, and with her is lost all the means of her enterprising but unfortunate young owners.

Thus at one fell blow have all these families been deprived of their protectors and supporters. It is indeed a harrowing case.—*Chicago Dem.*

Vessel Sold.—Aug. Baensch has sold the schooner *Gesine* to T. P. Wechselberg of Milwaukee. Mr. Baensch will very soon have the *Gesine's* place supplied by a new and superior craft.—*Manitowoc Herald.*

THE ONLY MEDAL AWARDED

BY THE NEW YORK EXHIBITION to the English or Foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, for their

Worcestershire Sauce,

Whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman who writes to LEA & PERRINS thus:—"I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can with truth say there is nothing in a traveler's baggage so essential to his comfort, at least in these countries, as your Sauce."

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms:—"Tell Lea & Perrins that their sauce is highly approved in India, and that it is in my opinion the most palatable as well as the most wholesome sauce made."

This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created, has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

POLICE COURT, APRIL 16.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Ann Pollett, an old offender, was arrested for being drunk and disorderly, and insulting females and others in the streets; she was sent to jail for 3 months, in default of $10.

WHIPPING HIS WIFE.—An over grown, six foot, grenadier looking *man*, was convicted of beating his wife, striking her and throwing her down, and trying to choke her; he was sent to jail for 15 days.

ANOTHER WOMAN POUNDER.—A fellow named Michael Hayden, was required to give bonds of $500 for his good behavior for 3 months, for having threatened to kill his wife. In default of bail, the defendant was sent to jail.—He has been up repeatedly for pounding his wife. His only excuse was—"Well, a man 'll do and say many things, when he has liquor taken, as he wouldn't when he's sober."

We hope the "revisers of the revised statues" will devise some law that shall prescribe suitable punishment for these Haynaus. We have for years seen women tottering and staggering into the Police Court, and some of them disfigured for life, from the repeated cruel beatings of their debased husbands. The idea that a simple fine, or an imprisonment in the County jail, is a sufficient punishment for men who are guilty for the fourth, fifth, and sometimes the tenth time, of beating and bruising their helpless wives, while a boy that steals a dollar bill from a butcher's till goes to Waupun for a year, or a "*Dutchman*" who was destitute of a dime, hard up for food, and without shelter, takes a horse from a fence and sells it, and when arrested confesses his offence, gets three years in State Prison, because no officer had the moral courage to speak in his behalf—to give the woman whippers light punishments, and the others we have mentioned heavy ones, is absurd, an outrage upon every principle of justice, repugnant to every feeling of right and common sense.

Let but a man commit a burglary, or a boy a grand larceny, (and stealing one cent and a quarter's worth of coal, or two and a half cents in money from a dwelling house, have constituted the last named offence) and the portals of the State Prison at Waupun are certain to open and close upon him; but a cowardly bully who has tortured his wife for years with periodical poundings in his drunken fits, has committed no felony. We war against all crime, all criminals, but, if there is one class sunk lower than another in our estimation, and, we believe, in the estimation of all others of the public—it is the cruel and cowardly woman whipper. It requires pluck and skill both, to be a highwayman or a burglar; and courage will, in spite of its wrong use or application, touch and vibrate in on every manly heart, but the woman whipper is deficient in all that can possibly enlist our pity or secure the slightest shadow of sympathy. His cowardice and cruelty throw him almost without the pale humanity; his crime, particularly when repeatedly committed, is greater, infinitely worse, in the estimation of every man of right mind, than a mere paltry burglary or larceny. Our plain opinion is, that the bruised breast, or broken heart of a woman, a wife, and a mother, is of more value than a broken door, of any dry goods "shop, warehouse, or steamboat" that men ever yet owned; and and that the lacerated feelings and flesh, the crushed and trampled spirit of a female, are of more consequence, and call for a more severe punishment than the mere stealing of an overcoat or the purloining of two yards of flannel. Our Legislature thinks differently—may God help their judgment.

DEATH OF TWO OF OUR CITIZENS.—We regret to have to announce the death of two of our oldest and best known citizens.

Mr. J. C. GRIDLEY, a long established merchant, who has been in New York city on business for some time past, was taken ill, and news was received yesterday of his death after a very short illness. Mr. GRIDLEY had a great many warm friends in our city.

News was also received yesterday of the very sudden death of HIRAM WARNER, one of our oldest residents. As the facts were stated, he was at Ripon, and fell down in the street, and died almost instantly. Mr. WARNER was one of the good men of this earth—a good citizen—a just man, "fearing God and loving righteousness." He has long been an office-bearer in the 1st Presbyterian church of this city, and his voice and his hand were never wanting in any good work.

THE WALKER HOUSE WARMED.—Messrs. PIERCE & HASBROUCK, the new landlords of the Walker House, gave a house-warming yesterday, in the shape of a first rate dinner, to a large party of invited guests.—Under their auspices, we doubt not, the Walker House will become a favorite with the traveling public. In fact, the house is now, every day, about full, and the proprietors are put to it to find lodgement for all who apply.—Their guests, we think, cannot fail to obtain a good impression of them.

NEW CARRIAGE ESTABLISHMENT.—We invite attention to the advertisement of Mr. P. L. SMITH, who has purchased the large building erected for the Fremont Club meetings last fall, and intends to open in it an establishment for the sale of carriages. We are informed, by those who know, that Mr. Smith intends to exhibit the largest and finest stock of carriages ever brought into the State.

AMUSEMENT THIS AFTERNOON.—An immense audience of children and ladies, assembled at Metropolitan Hall yesterday afternoon, to hear the lectures and stories by Dr. Baird about Europe. It was a rich entertainment, and heartily enjoyed by all present. The second and last, will be given at the same place this afternoon.—*Chicago Dem.*

A GRIDIRON.—A most extraordinary subject for a paragraph, to be sure; but if housekeepers will read Mr. L. BONNELL'S advertisement, they will see why the subject is worth a special paragraph.

☞ CALEB WALL, City Auction Room, has a large sale of Hosiery and gentleman's wear, and dry goods, this morning.

LIFE AND DEATH.—Two principles in the human system are continually struggling to overthrow each other—Health, which is the principle of Life, and Disease, which is the principle of Death. Herrick's Sugar Coated Pills possess the curative powers to impart health to the diseased body, to prolong life, and to free the human family from all pains, aches and bodily infirmities. Sold throughout the world by dealers. Price 25 cents.

TAKE HEED.—At the Massasoit House, Chicago, may be obtained until June, Old Dr. James' wonderful and celebrated extract of Cannibis Indica. His son-in law, Dr. Thomas Tilton will supply you with either personally, or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats. We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps (12 cents) a receipt will be sent in return, free of charge, to any part of the Union.

NO BLAZE! NO BURNT STEAKS!

ROBINSONS DOWNWARD DRAFT GRID IRON.

"What though with lavish kindness
The Sirloin steaks are strewn,
Some Bridget in her blindness
Will cook them hard as stones."

The author of the above lines should purchase one of Robinson's Grid Irons, and the poor Bridget would have something on which she could cook a steak as it should be.

[From the Boston Advertiser.]

A good beef-steak, well cooked, so seldom appears in the line of most men's lives, that we think a very great advance has been made in civilization by the introduction of a new *gridiron*, which enables even a stupid attendant to cook a steak perfectly well. So great is the advance, that we gladly call to it the attention of our readers.

This new gridiron accomplishes three desiderata:

1. It saves all the gravy of the meat, none dropping into the fire.
2. It cooks the steak through, without burning the outside.
3. It prevents the passage of any smoke into the kitchen or house.

The grand result, as we are made certain by the judgment of many experts, as well as our own more fallible taste, is, that with less trouble, meat is broiled better than ever before.

OVER 1000 MISTAKES CORRECTED.

LIVE AND LEARN,
A guide for all who wish to
SPEAK AND WRITE CORRECTLY!

PARTICULARLY intended as a book of reference for the solution of difficulties connected with Grammar, Composition, Punctuation, &c., with explanations of Latin and French words and phrases of frequent occurrence in Newspapers, Reviews, Periodicals and books in general, containing examples of

ONE THOUSAND MISTAKES

Of daily occurrence, in speaking, writing and pronunciation.

216 pages, bound in cloth, 12mo. Price 50 cents, and sent to any address free of postage.

"Live and Learn" is a most useful book, designed as a guide to grammar, composition and punctuation. So few people speak or write really good grammar, and fewer still punctuate decently, that a book informs them how to do so—and not only that indicates their faults, but shows them how they are to be corrected—cannot fail to be popular; there is not a person, indeed, who might not learn something from it. As a book of reference, "Live and Learn" will settle many disputes. It ought to be on every table, and be particularly recommended to the young, before habit makes common blunders uncommon hard to cure. STRICKLAND & CO.,

IMPROVED

SEAMLESS WHALEBONE SKIRTS.

WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 90 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO.

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

Beware of Counterfeits!

Second door above the Astor House, NEW YORK,

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of readily suiting patrons from that fact, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb6d3mVO&CO

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possess special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammation and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's ready relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood but by its disturbed circulation, and the irregular action of the heart. Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, *force*, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to fee good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes Tumors, Fever Sores, Skin Eruptions, Blotches Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c.; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 198 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high-standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

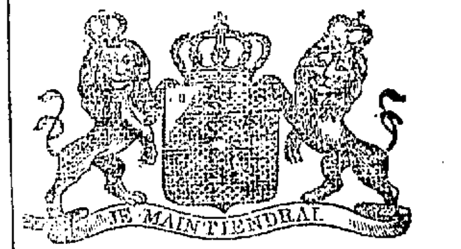
BOERHAVE'S
HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on the strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continued use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Do not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
